RE: 2021 Water Main Replacement Program

Dear Resident:

Weather permitting, the contractor is planning to begin removing pavement on the west side of Christine Court on Thursday, August 19. Once the pavement is removed, the contractor will prepare the subgrade, install drainage improvements, and build the new road base.

When the contractor begins work on the west side of the road, residents along the east side of the road will have access to their driveways again. However, reliable access to the road should not be expected during construction hours.

Starting on Thursday, August 19, residents along the west side of Christine Court please remove your vehicles from your driveways before 7:00 a.m. Vehicular access to driveways on the west side of Christine Court will be unavailable until the new concrete pavement has cured. Parking will be available on nearby streets for the duration of this work.

GENERAL CONSIDERATIONS

Please place garbage curbside by 7:00 a.m. as normal. **Please place BAGS ONLY at the curb in order to facilitate garbage removal during construction.** Recycling and brush will not be picked up curbside during construction. Residents may bring their recycling to the DPW at 1200 Parkway Drive, Monday through Friday between 7:00 a.m. and 4:00 p.m.

Please note, the contractor is responsible for maintaining access for emergency vehicles throughout construction. However, in order to reduce the potential for incidents, the Public Safety Department has asked to please refrain from using fire pits and chimneys during construction.

If you have any concerns or special needs during construction, please contact the onsite representative from the City's Consultant Anderson, Eckstein and Westrick, Inc. (AEW), Greg Brown. Questions regarding construction operations should be directed to the attention of AEW at (586) 726-1234. Please direct any other questions to the Department of Public Works (313) 343-2460.

Very truly yours,

CITY OF GROSSE POINTE WOODS

Frank Schulte, Director of Public Services
