The Edsel & Eleanor Ford House tells the fascinating story of a prominent American family. Their impressive yet unpretentious home reflects their love of family as well as their mutual passion for art and quality design. The architecture, interiors, landscape, and expansive views of Lake St. Clair create a tranquil setting. The Fords filled their home with a remarkably diverse art collection, elegant furnishings, and interiors reflecting centuries of fine craftsmanship. Guides will reveal the private side of the Ford family while touring 20 rooms of the home filled with original antique furnishings. The adorable play house is a must see for all ages, and the tour is not complete without viewing the Fords' personal cars in the Gate Lodge Garage and the special exhibit highlighting Edsel's accomplishments as an automobile designer. You won't want to miss this tour of a local treasure!

**Please note:** There is no elevator on the property and some of the tour does require stairs.
