The next item on the agenda was concerning **Fireworks**. After hearing the public comment at the City Council Meeting earlier this evening, there was a consensus of the Committee to not take action tonight. Administration and Public Safety was asked to come back to Council with alternatives for fireworks, as well as other events. Considerations are to include:

1. Cancel fireworks.
2. Suspend for one year, and readdress.
3. Move to different location (Lake Front Park)
4. Substitute fireworks for some other City event
5. Install a curfew.

The City Administrator reported he spoke to the Federal Bureau of Investigation, the Detroit Gang Squad, and Detroit Crime Commission. He was advised that the events that took place at the 2014 Fireworks were the work of organized, dangerous gangs, one of which was newly organized.

Under Public Comment, the following individuals were heard:

- A resident spoke concerning business sponsorship of the fireworks and financial impact of the fireworks event.
- Mr. McMullen, Board of Review Member, enjoyed working with Tom Columbo in the past.
- Dennis Hyduk was concerned about the impact upon values in the community resulting from the violence at the fireworks.
- A resident spoke and was concerned and feels there is a bigger sense of urgency than is being perceived.

The first item discussed was **2015 Fireworks**. The Mayor provided an overview of the 2014 fireworks and the problems that arose, as well as the comments of the Fireworks Committee. The Mayor said some consideration should be given to having the Fireworks over the Parcels Field, but with the field closed and no entertainment or food vendors. The City Administrator was in favor of imposing a curfew, but the Mayor did not believe that was a viable option as the result of staffing and space shortfalls. The cost of the fireworks is bore by the sponsors. Cost of the additional staffing is bore by the City and cancelling the event would save the City \$14,000. If the event was to be cancelled, St. John Hospital would be willing to sponsoring other community events. The Mayor then proceeded to gather opinions from the members of council. The opinions were as follows:

- Council Member Bryant feels that the Fireworks Committee had a majority of people who felt that cancelation was the best step moving forward. His position was that the City should cancel for a period of one to two years, in the hopes that the individuals responsible would be more mature. He stated that moving to Lake Front Park or the closure of Parcels Field would be a viable alternative following the closure.
- Council Member Granger does not feel that Lake Front Park is a viable option because it would require approval of St. Clair Shores, posses a higher cost for a fireworks display above the lake, and presents the logistical issue of parking and shuttling people to the park. She does not feel that we should continue the fireworks next year.
- Council Member McConaghy stated that safety is the only concern. He disagrees that it should be cancelled, but rather feels that it should be moved to Lake Front Park in conjunction with a City Picnic. He feels that the turnout would be similar to that of the Ford House and the property can handle the parking. He did not foresee an issue with the City of St. Clair Shores, and is a proponent of further exploring the feasibility of moving to Lake Front Park.
- Council Member Shetler believes that the fireworks should be moved to Lake Front Park, pending further review. However the move will require coordination with both the City of St. Clair Shores and the U.S. Coast Guard.
- Council Member Ketels agreed that it was no longer viable at Parcels Field, but does feel that a move to Lake Front Park in conjunction with a community event, such as a picnic, would create a better community event. Council Member Ketels would be in favor of scaling back the size of the fireworks display to reduce cost.
- The Mayor believes that the level of support from sponsors would decline if moved to Lake Front Park. If the alternatives would be to move to Lake Front Park or cancel, he would be in favor of cancelling.
- Council Member Koester is in favor of gathering more information on the viability of Lake Front Park and if not viable then cancel the event.

Public comment was then held.

- Dennis Hyduk, feels it is no longer a community event. The cost associated with the event is no longer worth the event. His opinion would be to move to Lake Front Park as a resident only event.
- Cindy Pangborn felt that the fireworks should be stopped at Parcels field, as the trouble has been mounting over the years. She supports looking into if Lake Front Park is feasible. She is concerned with the impact an incident would have upon the schools system's reputation.
- Dan Curis said move to Lake Front Park if possible, if not cancel.

- Jeanne Lizza was pleasantly surprised at the level of interest that the Council has taken in the matter. In favor of Lake Front Park if feasible, possibly reducing the sponsorship levels to further foster the number of sponsors.
- Diane Karabetsos was in favor of moving to Lake Front Park but allowing for guests.
- Margaret Potter is in favor of moving to Lake Front Park. She wondered if it would be unreasonable to have a charge for residents entering.
- George McMullen would be in favor of taking a year off to explore further options, and further involve the community in the event.
- Dorothy Lilly agreed with everyone about what had been said, move to Lake Front Park, and reinvent it. She suggested reducing sponsorship cost to something less, continue to hang banners at Parcels, and no guests be allowed.

The committee directed the City Administrator to gather information regarding the feasibility of moving the event to Lake Front Park in time for the Committee-of-the- Whole Meeting November 10th. The City Administrator was directed to determine the permitting process with the City of St. Clair Shores. The City Administrator was also directed to look at a full range of fireworks from barges to small scale displays. Council Member McConaghy suggested speaking to the Ford House first as they hold the Detroit Symphony Orchestra Fireworks display. Council Member Granger wants to explore partnering with other local fireworks displays.

## CITY OF GROSSE POINTE WOODS MEMORANDUM

**Date:** November 18, 2014  
**To:** Mayor and Council  
**From:** Al Fincham, City Administrator, and Acting Public Safety Director *AF.*  
**Subject:** Fireworks Update

---

At the September 29, 2014 Committee of the Whole meeting, council directed staff to gather information related to the feasibility of moving the annual fireworks event to Lake Front Park. The direction was to look into any permitting processes that may be required as well as options for fireworks from barges to smaller scale displays. Also staff was directed to look into any possible sharing of costs with the Ford Estate and their annual Detroit Symphony Orchestra display.

Following is information gathered as directed by council.

### **Proposed date for the Fireworks:**

June 28, 2015 (last Sunday in June) with a rain date for Monday, June 29, 2015.

### **Ford Estate Partnering:**

The DSO Fireworks are scheduled to be held on July 10-11, 2015. Sigma Gamma also includes fireworks as part of their annual event at the Ford Estate. Their anticipated date is Monday June 22, 2015 or Monday June 29, 2015. They have indicated an interest in a possible partnering with us on June 29, 2015. The fireworks are held on the Ford Estate grounds, (smaller scale).

### **Costs:**

Last year the Ford Estate paid \$10,000 for a 30 minute show, which is a smaller scale event then what we typically do. The fireworks are shot off from a barge and do not go as high into the sky as the event at Parcels.

### **Parking:**

Ford Estate overflow parking across the street on Lakeshore can accommodate 900-1000 cars. There would be no cost for us to use the overflow parking. We would be responsible for any repairs to the field created due to inclement weather (ruts etc.). If we partnered with either events held at the Ford Estate the overflow parking would be shared reducing the available spaces.

## **Lake Front Park:**

## **Coast Guard Application:**

In talking to the Coast Guard Station Saint Clair Shores personnel, they indicated that the event would be monitored by them for compliance with a Marine Event application which the City or the fireworks vendor would need to fill out. They indicated it was a relatively easy process for submission and approval. **The permit must be filed at least 135 days prior to the event and no later than February 13, 2015.** There is no cost for the permit.

## **Parking:**

Staff provided the following available parking spaces;

|                          |     |
|--------------------------|-----|
| Bathhouse Lot:           | 230 |
| Activities Building;     | 150 |
| Boat Launch;             | 48  |
| Sailboat Lane;           | 45  |
| Pool Side Marina;        | 78  |
| Ford Estate side Marina; | 111 |

|   |     |
|---|-----|
| Possible additional area<br>Behind the tennis courts<br>Adjacent to Doremus | 120 |
|---|-----|

**Total parking: 782**

## **Saint Clair Shores Requirements:**

### **Fire Department:**

The City of Saint Clair Shores Fire Marshall has indicated that no permitting is required as the fireworks would be shot off from a barge. They have no jurisdiction over the lake. The only time they would be involved is if the fireworks were being off loaded from the Saint Clair Shores shoreline. In that event, they would have a fire engine and crew standing by to ensure the safety of those involved.

### **Police Department:**

The Saint Clair Shores Police Department was contacted and indicated they would cooperate and provide ten (10) officers if we provided officers as well. They would charge us the following rate per the Union Contract (time and one-half) for a minimum of 4 hours:

|                 |                  |
|-----------------|------------------|
| Patrol Officers | \$70.00 per hour |
| Sgt's.          | \$88.98 per hour |
| Lt's.           | \$98.93 per hour |

They would require eight (8) officers and two (2) command officers for the event with the understanding that we would also provide 10 of our officers to work in cooperation with them. They would be assigned to handle traffic at the end of the event. They would deploy their officers just before the firing off of the fireworks, from approximately 10pm to midnight. The total cost for the Saint Clair Shores Officers would be approximately:

Patrol: \$2,240.00  
Command: \$ 711.84-\$791.44

**Total Cost:** \$2,951.84-3,031.44

**Grosse Pointe Woods Officers:** (Time and one-half) eight (8) officers and two (2) command.

Public Safety Officer: \$44.31 per hour  
Sgt's. \$74.71 per hour  
LT's. \$77.87 per hour

Public Safety Officer: \$1,772.40 (assuming ten (10) officers)  
Command: \$ 597.68-\$622.96 (assuming 2 command officers)

**Total Cost:** \$ 2,370.08-\$2,395.36

**Combined Police Costs: \$5,321.92-\$5,426.80**

### **City Permitting:**

The City of Saint Clair Shores has indicated that an event permit would need to be filled out and filed through their City Clerks Office at a cost of \$100. The event would need to be approved by their City Council with an adequate plan, insurance and bonding. Their City Ordinance, Section 40.160 is attached.

### **Fireworks Vendors:**

Two companies who wish to remain anonymous responded to inquiries.

- #1. \$33,000-\$34,000 (large display typical to past events at Parcels), barge/permitting included.
- #2. \$24,000 (smaller display with fewer shells), barge/permitting included.

Approximate Costs associated with the event at our Lakefront Park:

**\$29,421.92-\$39,546.80**

Approximate costs associated with a partnership with the Ford Estate/Sigma Gamma would be much lower but costs are not yet available. If partnered, the availability of parking spaces would also be decreased at the Ford Estate.

**Miscellaneous Costs:**

Depending on other activities planned for that day in anticipation of the fireworks, additional personnel costs would increase.

**Grosse Pointe Public School System:**

The School was contacted and they indicated we would still be allowed to display sponsor banners on their fence along Mack Avenue if we chose to do so.

## 40.160 - FIREWORKS

### [40.160.1] - Purpose.

This is an ordinance to provide for the regulation of the ignition, discharge and use of consumer fireworks, as allowed under the Michigan Fireworks Safety Act, MCL 28.451 et seq., as amended. The City of St. Clair Shores finds that fireworks endanger property, can cause physical injury, and disrupt the peace and quality of residential neighborhoods and other districts. The City of St. Clair Shores endeavors to reconcile the rights that the Act confers upon sellers and consumers, with the rights of citizens and families to reside in a safe, peaceful, and harmonious community. This ordinance is adopted to repeal existing fireworks ordinances that conflicted with the Act, and to impose conditions on the time, place, manner of use, discharge, and ignition of fireworks deemed to be within the purview of local regulation, and to protect the public health, safety and general welfare.

(*amend. eff. July 3, 2012*)

#### **40.161 - Definitions.**

The following words, terms and phrases when used in this article shall have the meanings ascribed to them in this section, except when context clearly indicates a different meaning:

*Act* means the Michigan Fireworks Safety Act, Act 256 of 2011, and any amendments to the Act which may be from time to time be adopted.

*APA standard 87-1* means 2001 APA standard 87-1, standard for construction and approval for transportation of fireworks, novelties, and theatrical pyrotechnics, published by the American Pyrotechnics Association of Bethesda, Maryland.

*Consumer fireworks* means fireworks devices that are designed to produce visible effects by combustion, that are required to comply with the construction, chemical composition, and labeling regulations promulgated by the United States Consumer Product Safety Commission under 16 CFR parts 1500 and 1507, and that are listed in APA standard 87-1, 3.1.2, 3.1.3, or 3.5. Consumer fireworks does not include low-impact fireworks.

*Display fireworks* means large fireworks devices that are explosive materials intended for use in fireworks displays and designed to produce visible or audible effects by combustion, deflagration, or detonation, as provided in 27 CFR 555.11, 49 CFR 172, and APA standard 87-1, 4.1.

*Articles pyrotechnic* means pyrotechnic devices for professional use that are similar to consumer fireworks in chemical composition and construction but not intended for consumer use, that meet the weight limits for consumer fireworks but are not labeled as such, and that are classified as UN0431 or UN0432 under 49 CFR 172.101.

*Fireworks* means any composition or device, except for a starting pistol, a flare gun, or a flare, designed for the purpose of producing a visible or audible effect by combustion, deflagration, or detonation. Fireworks consist of consumer fireworks, low-impact fireworks, articles pyrotechnic, display fireworks, and special effects.

*Low-impact fireworks* means ground and handheld sparkling devices as that phrase is defined under APA standard 87-1, 3.1, 3.1.1.1 to 3.1.1.8, and 3.5.

- (10) Christmas Day, December 25.

*Person* means any individual, agent, legal representative, association, charitable organization, church, non-profit organization, unincorporated organization, labor organization, partnership, limited liability company, corporation, or any other entity or organization. An individual shall include a minor as defined in this article.

(amend. eff. July 3, 2012)

#### 40.162 - Manufacture of fireworks.

The manufacture of fireworks is prohibited within the City.

(amend. eff. July 3, 2012)

#### 40.163 - Prohibited fireworks.

- (a) *Consumer fireworks.* A person shall not ignite, discharge or use consumer fireworks, except on the day preceding, the day of, or the day after a national holiday, provided that a person shall not ignite, discharge or use consumer fireworks in violation of the Act and/or this article.
- (b) *Low-Impact and Novelty Fireworks.* Low-impact or novelty fireworks may not be discharged between the hours of 11:00 p.m. and 7:00 a.m., or after dusk, whichever is earlier, and may not otherwise be discharged in violation of this article and/or the Act.
- (c) *Illegal fireworks.* Any use, possession, or discharge of fireworks that is illegal and not approved by the State of Michigan or the State Fire Marshal is prohibited, regardless of how it is labeled.

(amend. eff. July 3, 2012)

#### 40.164 - Minors.

- (a) A minor shall not possess, use, discharge or ignite any consumer fireworks, at any time, nor on any day, including national holidays, and the day before and day after a national holiday.
- (b) A minor shall not use, discharge, or ignite any low-impact fireworks or novelty fireworks, unless under the supervision of a parent or guardian, and the use, discharge and/or ignition is within permitted hours, and does not violate the provisions of this article and/or the Act.

(amend. eff. July 3, 2012)

#### 40.165 - General restrictions.

- (a) Unless specifically authorized, on any day, the use, discharge or ignition of any fireworks, including consumer fireworks, is prohibited on public property.
- (b) Fireworks, including consumer fireworks, shall not be ignited within 20 feet of an open flame, a burner, gasoline, ignited gas or electric grill, or in any enclosed structure, garage, tent, or shed, or under any canopy, or overhanging cover, of any nature.
- (c)

Excessive use of fireworks, including consumer fireworks, that results in the disruption of residents is prohibited, notwithstanding anything to the contrary in the Act. Excessive use is defined as conduct that includes the continuous or intermittent ignition of fireworks continuing for more than 20 minutes.

- (d) No person shall either individually or in concert with another person, cause damage to any private or public property by the use, discharge or ignition of any fireworks.
- (e) No consumer fireworks may be ignited, launched or discharged within 200 feet of a residential building or vehicle.

*(amend. eff. July 3, 2012)*

#### **40.166 - Applicability of general ordinances.**

Nothing in this article or in the Act shall preclude the enforcement of ordinances prohibiting conduct that is secondary or incidental to the use, discharge, or ignition of fireworks.

*(amend. eff. July 3, 2012)*

#### **40.167 - Zoning ordinances.**

Any person selling, distributing or transporting fireworks shall otherwise comply with the Act, and is required to comply with the zoning ordinances of the City, including obtaining necessary approvals thereunder. Failure to obtain necessary zoning approvals is subject to penalty as provided in the code of zoning ordinances of the City.

*(amend. of July 3, 2012)*

#### **40.168 - Imminent dangers.**

Notwithstanding the Act, any use, discharge or ignition of fireworks that is presenting an imminent danger or threat to the public health, safety, or welfare, as deemed by the Fire Marshal, shall be prohibited, and the fireworks may be immediately seized.

*(amend. eff. July 3, 2012)*

#### **40.169 - Seizure.**

All fireworks used, discharged, and/or ignited in violation of the Act and/or this article are subject to seizure. Any costs incurred by the City to seize and store the fireworks shall be paid by the responsible party.

*(amend. eff. July 3, 2012)*

#### **40.170 - Display fireworks.**

No display fireworks shall be used, discharged, ignited or displayed unless approved by City Council, upon application made to the City Clerk providing proof that the display and applicant are adequately insured and bonded to the satisfaction of the City Council, the applicant has submitted a security plan, safety compliance plans, and an application fee in the minimum amount of \$100.00, plus any additional costs incurred by the City to administer the permit. A permit for display fireworks is supplemental to any other requirement for such display under the City's ordinances.

*(amend. eff. July 3, 2012)*

#### **40.171 - Penalty.**

- (a) A violation of this article is a civil infraction, punishable by a fine of up to \$500.00, plus the costs of prosecution.
- (b) Following final disposition of a finding of responsibility for violating this article, the City may dispose of or destroy any fireworks retained as evidence in that prosecution.
- (c) In addition to any other penalty, a person that is found responsible for a violation of this article shall be required to reimburse the City for the costs of storing, disposing of, or destroying consumer fireworks that were confiscated by the City in accordance with this article.

*(amend. eff. July 3, 2012)*

#### **40.172 - Severability.**

If any article, section, subsection, sentence, clause, phrase, or portion of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of remaining portions of the ordinance, it being the intent of the City that this ordinance shall be fully severable.

*(amend. eff. July 3, 2012)*

**FIREWORKS PERMITS  
AND  
TEMPORARY DESIGNATED WATERFRONT FACILITIES**

1. All Hazard Class 1 material must be handled at a Designated Waterfront Facility (DWF). Hazard Class 1 material, as defined by Title 49 Code of Federal Regulations (CFR), Section 173.50, includes fireworks. Accordingly, fireworks may only be loaded or unloaded to or from a vessel at a DWF. In order to be a DWF, the facility must comply with the safety and security requirements of 33 CFR Part 126.
2. Fireworks may be loaded and unloaded at a location that is a temporary DWF. A temporary DWF can be created for the handling of fireworks by meeting the requirements of 33 CFR §§126.15 and 126.27. This temporary facility will operate under the general permit issued by 33 CFR §126.27.
3. For the purpose of handling fireworks, temporary DWFs are not required to meet the Maritime Transportation Security Act requirements of 33 CFR Part 105. They must however, provide adequate temporary security measures to ensure public safety.
4. Requests for marine events that will include fireworks displays must address both the 33 CFR Part 126 measures and what security measures will be taken for the event prior to the review for approval.
5. Finally, in cases where subdivision 1.1 or 1.2 explosives are to be handled, a separate application and permit to handle hazardous material (CG-4260) must be filled out and submitted in accordance with 49 CFR §176.100 and 33 CFR §126.19 when submitting an Application for Approval of Marine Event.
6. Please contact Lieutenant Jud Coleman at (203) 468-4596 if you have any concerns or questions.

Committee-of-the-Whole Excerpt  
10-27-14

The next item discussed was **lease/purchase vehicles. . . .**

This item is to remain on the Committee-of-the-Whole agenda to address additional vehicles being requested at the November 10, 2014, meeting. Director Ahee was asked to research the cost of used vehicles and estimated miles from use for the Building Department, the Park, and Administration. He was directed to provide justification for all vehicles and identify the vehicles to be rotated out of the fleet or handed down to another department. This information is to be provided with the agenda in advance of the meeting.

MEMO 14 - 39

TO: Alfred Fincham, City Administrator  
FROM: Joseph J. Ahee, Director of Public Services   
DATE: November 20, 2014  
SUBJECT: Used Vehicle Pricing

Per your request, I have obtained the attached information on used vehicle warranties available through the Certified Pre-Owned Program on different makes and models. In most cases the vehicles are reconditioned, and usually include 12 months or 12,000 miles of coverage on vehicles 2010 or newer with less than 75,000 miles. In this program no warranty is included on vehicles older than 2010.

Extended after-market warranties have an average cost of \$1,000 to \$3,000 and only provide coverage on major components and some electrical issues. Our recent experience with the extended warranties the city purchased on the Crown Victoria police vehicles revealed many repairs that were not covered.

The useful life on a used vehicle would depend on the model year. For example a 2010 vehicle might have a useful life of 3 to 6 years.

Through the Oakland County Bid program the cost of a 2015 Terrain is \$26,310 and the cost of a 2015 GMC Sierra 1500 4WD pickup is \$23,941.00. Both include a 3 year 36,000 mile bumper-to-bumper warranty and a 5 year 100,000 mile drive train warranty. Useful life on new vehicles is 7-10 years.

If you have any questions concerning this matter please contact me.

MEMO 14 - 34

TO: Alfred Fincham, City Administrator  
FROM: Joseph J. Ahee, Director of Public Services   
DATE: November 18, 2014  
SUBJECT: Used Vehicle Pricing

At the COW meeting on 10/27/14, I was instructed to check used vehicle prices on different makes and models of vehicles. Used vehicles with low mileage (approximately 10,000 miles or less) from dealerships far exceed the price of a vehicle off the Oakland County Bid. The only used vehicles available at a price below the Oakland County Bid can be found at cars.com, carmax.com, or at individual dealership or similar sites. The newest vehicles with the lowest mileage and prices were a 2013 Ford Escape with 70,003 miles for \$14,995 and a 2013 Chevy Equinox with 71,841 miles for \$14,995. Attached is information on used vehicles obtained recently from the different websites and dealership sites.

If you have any questions concerning this matter please contact me.
