

Prescription Discount Card

To get program information, locate a pharmacy, look up a drug price, or access health resources visit:

www.caremark.com/nlc or call toll-free **1-888-620-1749**

The ID number on the prescription discount card is not activated until the card is used at a participating pharmacy. Until the card is activated, when calling the toll-free number the “automated telephone system” cannot be utilized but “live” representatives are available to answer all questions. In order to get a “live” person, callers need to press “zero” at any time during the recording to speak to a representative.
