RE: Concrete Replacement in Alleys

The City of Grosse Pointe Woods has contracted with Mattioli Construction, to remove and replace miscellaneous concrete in the alleys listed above on the west side of Mack. The construction is scheduled to begin the week of May 15, 2023, and should take approximately three weeks per alley to complete, weather permitting.

While the Contractor is working in the alley behind your business, you will only have access to one half of the alley for parking or deliveries. Two-way traffic in the alley will be permitted only during construction. If needed, temporary parking will be allowed on the side streets during the construction period and deliveries can be made using Mack or the side streets. Please notify the Department of Public Safety at (313) 343-2400 if parking on the side streets will be necessary.

We thank you in advance for your cooperation. Any questions should be directed to the Department of Public Works, (313) 343-2460.

Very truly yours,

Jim Kowalski
Director of Public Services
