RE: Vernier Road Water Main Replacement Program

Dear Resident:

The contractor has completed connecting the water services to the temporary water main on the south side of Vernier Rd. The contractor will be fusing pipe and begin the pipe bursting operation to pull the newly fused pipe into place.

While fusing pipe, there will be homes where the fused pipe will temporarily block vehicular access to driveways. This disruption in access is expected to be temporary and only during the work day.

As always, we apologize for any inconvenience this may create, and we appreciate your patience and understanding during construction.

GENERAL CONSIDERATIONS

Please note, the contractor is responsible for maintaining access for emergency vehicles throughout construction. However, in order to reduce the potential for incidents, the Public Safety Department has asked to please refrain from using fire pits and chimneys during construction.

If you have any concerns or special needs during construction, please contact the onsite representative from the City's Consultant Anderson, Eckstein and Westrick, Inc. (AEW). Questions regarding construction operations should be directed to the attention of AEW at (586) 726-1234. Please direct any other questions to the Department of Public Works (313) 343-2460.

Very truly yours,

CITY OF GROSSE POINTE WOODS

Jim Kowalski, Director of Public Services
