RE: Roslyn Road Construction Update

Dear Resident:

The contractor has been working on constructing the temporary water main over the past week. Once the temporary water main has been successfully tested, the Contractor will connect it to city water system and begin switching water services onto the temporary water main. This is tentatively expected to begin early next week.

Weather permitting, the contractor is tentatively scheduled to begin fusing the sections of new water main in preparation for the pipe bursting operation on Thursday, October 19. When the fusing begins, the newly fused segments of pipe will be laid along the north side gutter of Roslyn Road east of Charlevoix. Due to the length of the fused segments, a number of driveways on the north side of Roslyn just east of Charlevoix will be blocked. **If your driveway will be affected, please make sure to remove your vehicles by 7:00 a.m. on Thursday, October 19.**

In order to promote safe and timely construction activity, please kindly refrain from all on-street parking between Charlevoix and Marter until the construction has progressed to the next block.

Additionally, due to the construction, the city will be unable to pickup leaves from the north side of the road. Please either place your leaves in bags or blow them to the south side of the road for pickup.

As always, we apologize for any inconvenience this may create, and we appreciate your patience and understanding during construction.

**GENERAL CONSIDERATIONS**

Please place garbage, recycling and brush curbside by 7:00 a.m. as normal. Pickup will continue as normal until otherwise notified.

Please note, the contractor is responsible to maintain access for emergency vehicles throughout construction. However, in order to reduce the potential for incidents, the Public Safety Department has asked to please refrain from using fire pits and chimneys during construction.

If you have any concerns or special needs during construction, please contact the onsite representative from the City's Consultant Anderson, Eckstein and Westrick, Inc. (AEW). Questions regarding construction operations should be directed to the attention of AEW at (586) 726-1234. Please direct any other questions to the Department of Public Works (313) 343-2460.

Very truly yours,

CITY OF GROSSE POINTE WOODS

Jim Kowalski, Director of Public Services
