RE: Roslyn Road Construction Update

Dear Resident:

The contractor has successfully completed the first segment of pipe bursting from Charlevoix to Marter. With this new segment of water main pipe in place, the contractor will proceed to installing the hydrants and valves within this block. The contractor will then begin testing the section of water main.

While the first segment of pipe is being tested, the contractor will begin prepping for pipe bursting from Charlevoix to Goethe. This will include fusing the next segment of water main pipe. The newly fused segments of pipe will be laid along the north side gutter of Roslyn Road east of Charlevoix. Due to the length of the fused segments, a number of driveways on the north side of Roslyn just east of Charlevoix will be blocked. **If your driveway will be affected, please make sure to remove your vehicles by 7:00 a.m. on Monday, October 30.**

Halloween: With the upcoming Halloween activities, the contractor has been directed to make sure the site is as secure and safe as possible. Additionally, in an effort to allow for two-way traffic on Halloween, the drums will be moved to the north side of the road and the equipment will be moved to the side streets. Please use caution when trick-or-treating within the construction zone.

Please note that residents should never be out of water overnight. If you experience any unexpected water or sewer issues, please contact the contractor's superintendent, Bill, at (810) 343-1847.

As always, we apologize for any inconvenience this may create, and we appreciate your patience and understanding during construction.

GENERAL CONSIDERATIONS

Please place garbage, **recycling and brush** curbside by 7:00 a.m. as normal. Pickup will continue as normal until otherwise notified.

Please note, the contractor is responsible to maintain access for emergency vehicles throughout construction. However, in order to reduce the potential for incidents, the Public Safety Department has asked to please refrain from using fire pits and chimneys during construction.

If you have any concerns or special needs during construction, please contact the onsite representative from the City's Consultant Anderson, Eckstein and Westrick, Inc. (AEW). Questions regarding construction operations should be directed to the attention of AEW at (586) 726-1234. Please direct any other questions to the Department of Public Works (313) 343-2460.

Very truly yours,

CITY OF GROSSE POINTE WOODS

Jim Kowalski, Director of Public Services
