RE: Roslyn Road Construction Update

Dear Resident:

The contractor has successfully completed the pipe bursting from Goethe to Marter. With both segments of water main pipe in place, the contractor will continue installing the hydrants and valves between Goethe and Charlevoix. The contractor will then proceed with testing the new water main.

While the middle block is being tested, the contractor will fall back to transfer the new water services between Marter and Charlevoix.

Additionally, the contractor will begin prepping for pipe bursting from Goethe to Mack. This will include fusing the next segment of water main pipe. The newly fused segments of pipe will be laid along the north side gutter of Roslyn Road between Charlevoix and Goethe. Due to the length of the fused segments, a number of driveways on the north side of Roslyn between Goethe and Charlevoix will be blocked. **If your driveway will be affected, please make sure to remove your vehicles by 7:00 a.m. on Wednesday, November 8.**

Please note that residents should never be out of water overnight. If you experience any unexpected water or sewer issues, please contact the contractor's superintendent, Bill, at (810) 343-1847.

Due to the construction, the city will be unable to collect leaves from the north side of the road. Please either place your leaves in bags or blow them to the south side of the road for collection.

As always, we apologize for any inconvenience this may create, and we appreciate your patience and understanding during construction.

**GENERAL CONSIDERATIONS**

Please place garbage, **recycling and brush** curbside by 7:00 a.m. as normal. Pickup will continue as normal until otherwise notified.

Please note, the contractor is responsible to maintain access for emergency vehicles throughout construction. However, in order to reduce the potential for incidents, the Public Safety Department has asked to please refrain from using fire pits and chimneys during construction.

If you have any concerns or special needs during construction, please contact the onsite representative from the City's Consultant Anderson, Eckstein and Westrick, Inc. (AEW). Questions regarding construction operations should be directed to the attention of AEW at (586) 726-1234. Please direct any other questions to the Department of Public Works (313) 343-2460.

Very truly yours,

CITY OF GROSSE POINTE WOODS

Jim Kowalski, Director of Public Services
