RE: Roslyn Road Construction Update

Dear Resident:

The contractor has successfully completed all pipe bursting on Roslyn from Mack to Marter. The contractor will proceed with testing the final segment of water main while continuing to transfer water services. Once the water services are all transferred, the contractor will continue to disassemble the temporary water main and clean up/prep for seasonal shutdown.

Please note that residents should never be out of water overnight. If you experience any unexpected water or sewer issues, please contact the contractor's superintendent, Bill, at (810) 343-1847.

Due to the construction, the city will be unable to collect leaves from the north side of the road. Please either place your leaves in bags or blow them to the south side of the road for collection.

As always, we apologize for any inconvenience this may create, and we appreciate your patience and understanding during construction.

GENERAL CONSIDERATIONS

Please place garbage, recycling and brush curbside by 7:00 a.m. as normal. Pickup will continue as normal until otherwise notified.

Please note, the contractor is responsible to maintain access for emergency vehicles throughout construction. However, in order to reduce the potential for incidents, the Public Safety Department has asked to please refrain from using fire pits and chimneys during construction.

If you have any concerns or special needs during construction, please contact the onsite representative from the City's Consultant Anderson, Eckstein and Westrick, Inc. (AEW). Questions regarding construction operations should be directed to the attention of AEW at (586) 726-1234. Please direct any other questions to the Department of Public Works (313) 343-2460.

Very truly yours,

CITY OF GROSSE POINTE WOODS

Jim Kowalski, Director of Public Services
