RE: Roslyn Road Construction Update

Dear Resident:

The contractor has successfully completed the water main work on Roslyn Road. The contractor will continue to clean up the work zone and prepare for seasonal shutdown over the remainder of this week.

Due to the upcoming spring road work, the city will not be restoring lawn spaces or paved surfaces over the winter. All excavations within the green space will be backfilled and safely graded, but left unrestored. Road patches will be backfilled with gravel and cold patched. Removed sections of sidewalk will be temporarily restored with compacted gravel. Please be mindful of temporary gravel sidewalks when clearing snow over the winter.

We recognize that living with construction is difficult and inconvenient, and we thank you for your continued patience and cooperation.

Very truly yours,

CITY OF GROSSE POINTE WOODS

Jim Kowalski, Director of Public Services
