RE: Roslyn Road Construction Update

Dear Resident:

The contractor has continued removing pavement and trenching for the upcoming curb and gutter work. Weather permitting, the curb and gutter is scheduled for late next week. The driveway work will begin after the curb and gutter work is completed. Once the concrete work begins it will be approximately two weeks before access to driveways can be restored. If your driveway is affected, please continue parking on adjacent side streets. It is recommended that you place a piece of paper with your address between your car's sun visor and windshield to assist with the Public Safety as they relax parking enforcement.

For your convenience, if you have any questions about the day to day activities or expectations for traffic flow you are welcome to approach our inspector or one of the individuals working on the construction.

GENERAL CONSIDERATIONS

Please place garbage, recycling and brush curbside by 7:00 a.m. as normal. Pickup will continue as normal until otherwise notified.

Please note, the contractor is responsible to maintain access for emergency vehicles throughout construction. However, in order to reduce the potential for incidents, the Public Safety Department has asked to please refrain from using fire pits and chimneys during construction.

If you have any concerns or special needs during construction, please contact the onsite representative from the City's Consultant Anderson, Eckstein and Westrick, Inc. (AEW). Questions regarding construction operations should be directed to the attention of AEW at (586) 726-1234. Please direct any other questions to the Department of Public Works (313) 343-2460.

Very truly yours,

CITY OF GROSSE POINTE WOODS

Jim Kowalski, Director of Public Services
